

B. Jyothi Swaroop

Associate Director, Brand & Content

Bangalore, India · workwithswaroop@gmail.com · [linkedin.com/in/swaroop-talks](https://www.linkedin.com/in/swaroop-talks) · [youtube.com/@SwaroopVITB](https://www.youtube.com/@SwaroopVITB) · codewithswaroop.com

Brand and content leader who builds brands students trust, and the systems that scale them. I grew a 1M+ organic audience from zero and now run brand and content across five channels at Scaler School of Technology. I think in funnels, lead lean teams, and build AI content systems that produce at agency scale.

EXPERIENCE

Associate Director, Brand & Content · Scaler School of Technology

Since 2024 · Bangalore

- Own brand and content across five channels: YouTube, Instagram, LinkedIn, X and the blog.
- Lead four pods: Brand & Content, Digital Growth, Student Media Club, and Innovation Lab storytelling.
- Hire, brief, review and ship with agencies, freelancers, editors and interns.
- Run 30 to 40 day content sprints that feed the admissions funnel; built the outreach-to-admission plan so every video has a conversion destination.
- Most of SST's organic inbound now comes from content-led campaigns.

Founder · MentiBY Technologies

Since 2024

- Built a cohort-based learning platform: XP, accountability loops, WhatsApp doubt-solving, and the 21-day LinkedIn Challenge.
- Shipped codewithswaroop.com and a mobile app (50,000+ downloads). Profitable from the first cohort, no outside funding.

Creator · Swaroop Talks

Since 2021

- 1M+ organic followers, 28.8M YouTube views, 2M+ watch hours. All organic, in Telugu and Tenglish.
- Built an audience in a language and market most brands write off. A real distribution moat.

SELECTED WORK

- **Meta OpenEnv AI Hackathon** (India's first, hosted at SST): ran the full content operation. 2x the social reach of any prior SST event.
- **Content-led enrollment engine**: funnel content that shortened the student decision cycle from weeks to days.
- **Student Story Series**: SST's highest-trust, parent-facing content asset.

AI SYSTEMS BUILT

Carousel Engine (5 posts/day) · Reel Engine (SSML + critic) · Brand Reply System · CreatorOS (multi-agent) · BrandForge AI (brand voice guides) · 20+ custom AI skills.

SPEAKING

TEDxACE Engineering College (TEDx Speaker) · IIT Tirupati (Guest Lecturer) · Future in Tech After XII Summit · Smart India Hackathon (Mentor) · Personal branding workshops across AP & Telangana.
